Hi, Kathy, the Daily Press intends to publish a letter to the editor that says the town is not making a reasonable effort to conserve water that is affecting parks facilities.

Can I get comments by 3 p.m. on how many acres of turf there are in town, how many are being idled and if the effort is "reasonable" in light of the State Water Resources Control Board conservation requirements?

And if the town means to put Apple Valley Ranchos Water Co. in a position of noncompliance with those water conservation mandate?

Thanks,

-Gary
